Villa Victorious In Great Battle

El Paso, Texas, Nov. 2.—Information received today by representatives of the United States government here, from Eagle Pass, Texas, stated that Gen. Fortunato Maycott's command had been cut to pieces by Villa troops south of Chihuahua City. The report said that Gen. Maycottee had reached Torreon with a small band and had arranged to send his family to Eagle Pass on board a special train. Semi-official reports from Chihuahua City received here today stated Gen. Maycotte, with his main column, was at Jiminez, Chihuahua.

A freight train left Juarez today for the south and a passenger train is expected to arrived from Chihuahua City tonight. This will be the first passenger train from the state capital since Sunday night.

Dallas Man Dies In Tennessee Woods

Dallas, Nov. 2.—The body of W. A. Bonner, prominent attorney and capitalist, was found in the woods near Spout Springs, Tennessee, Thursday, according to a telegram received by relatives in Dallas late this afternoon.

Mr. Bonner's death is believed to have been due to heart failure. He had gone to Tennessee to visit a brother several days ago and the two went on a hunting and fishing trip.

According to advices received, Mr. Bonner's body has been shipped to Dallas.

Mr. Bonner was missing from his companions on the hunting trip for many hours. The first information that he was missing came to the family, which is prominent in social circles, through Associated Press dispatches.

Mr. Bonner was sixty-one years old and is survived by a wife and three children in Dallas, as follows: Shearon Bonner, Mrs. Lowe Bonner Ruby and Mrs. Margarette Bonner Bentley.

Mr. Bonner was president of the Bonner Investment company with offices in the Security Bank building. His home was at 4214 Swiss avenue. Funeral arrangements will be announced later.

BIG BANK URGES MORE FOREIGN LOANS; TOO MUCH GOLD

New York, Nav. 2.—Extraordinary additions of gold to the bank reserves of the country in the form of heavy importations are declared undesirable "because they are not required for the purpose of carrying on the normal business of the country and if used as a basis of credit are likely to bring about credit expansion of dangerous proportions." In a bulletin by the National City Bank the advisability of making further foreign loans is strongly urged.

The bulletin declares that the nation is doing business at this time under conditions which are calculated to encourage people to go into debt. It points out that with money easy interest rates low and profits from business unusually large, there is naturally a great temptation to borrow money to buy stocks of companies that are making phenomenal earnings and to enlarge industries which ars prospering. High prices for farm products, it is aserted, will encourage farmers to buy more land.

The total foreign loans made in the United States since the outbreak of the European war is placed by the bank at $2,138,257,637, of which $156,400,000 has been paid off, leaving a net total of $1,981,957,637 of loans uotstanding.

SAKHAROFF AT BUCHAREST TO TAKE COMMAND

London, Nov. 2.—The Wireless Press has received a dispatch from Bucharest saying that Lieutenant General Vladimir Sakaharoff, commander of the Russian forces in Galacia, arrives in Bucharest today and will take command of the army in Dobrudja.

Leutenant General Sakaharoff is rated as one of the ablest Russian commanders. He came into prominence last summer during the Russian drive in Volhynia and Galacia, gaining a number of successes over the Austrians before the Russian advance was halted.

AUTO SHIPMENTS FOR OCTOBER NEW RECORD

New York, Nov. 2.—Shipments of 19,510 carloads of automobiles from American factories in October this year set a new record for that month, according to a report to the board of directors of the National Chamber of Commerce today.

MANY HOLES IN ANCHOR BULKHEAD OF DEUTSCHLAND

New London, Conn. Nov. 2.—Bags of mail brought across the sea by the German undersea merchantman Deutschland, which arrived yesterday, were brought ashore today.

During the forenoon little work was done upon the cargo.

Mayor E. E. Rogers, with President M. T. Miner of the Chamber of Commerce, and about fifty members, called upon Captain Koenig. The party was divided into groups of five and each went on the submarine and looked it over. Later those favored with this chance of inspection stated that what they saw was mostly machinery.

A diver who went down alongside of the Deutschland reported there were fourteen small holes in the anchor bulkhead. These were probably made when the anchor dented the shell of the craft. The holes had caused some leakage on the trip over.

TRAIN ROBBER GETS TWENTY-FIVE YEARS

Montgomery, Ala., Nov. 2.—Judge Clayton in federal court here today sentenced Ben E. McKee, found guilty of complicity in the robbery of the Louisville & Nashville fast mail train at Greenville, Ala., July, 1915, to 25 years in the federal penitentiary at Atlanta.

When sentenced McKee asked the privilege of making a statement and said:

"There is no man upon this earth who knows better than I do whether I am guilty or not. I am not guilty of what I have been accused."

VILLA GENERAL TO BE EXECUTED IN JUAREZ

El Paso, Tex., Nov. 2.—Col. Rosario Garcia, said to be a Villa bandit leader, will be brought to Juarez to be executed, it was announced by Gen. Gonzales, commander of the Juarez garrison today. Col. Garcia was captured while looting the Santa Ana ranch near Namiquipa by Carranza troops, according to Gen. Gonzales. Three of his men also will be brought to Juarez for execution, Gen. Gonzales added. Col. Garcia is said to have been carrying important papers to Villa from one of his other commanders.

Five bandits were shot at San Buenaventura, near El Valle, Wednesday, a report to Gen. Gonzales from the commander of that garrison stated.

M'KINNON SWEARS HE HAD NO GUN AT TIME OF SHOOTING

Waco, Tex., Nov. 2.—State Bank Examiner Eldred McKinnon resumed his testimony on cross-examination this morning in the case of T. R. Watson, charged with the murder of John S. Patterson, state banking and insurance commissioner.

Mr. Neff of counsel for defense questioned Mr. McKinnon at length as to the circumstances of the shooting and as to whether or not he or Patterson was armed when the latter was shot, but no facts were developed that were not brought out in the habeas corpus hearing. McKinnon denied having a pistol with him when the shooting occurred, saying that it was in his grip. He was unable to say as to whteher Patterson was armed at the time of the shooting. He had never seen him with a pistol. On cross-examination the witness went over the same ground as in the habeas corpus hearing, telling of what transpired in the bank before the shooting, and of having seen T. R. Watson in front of the bank after the shooting.

IT COSTS MORE TO DIE AS WELL AS TO LIVE

New York, Nov. 2.—The European war is held responsiblel for the increase in the cost of burial supplies and a consequent advance announced today by undertakers for funeral services. Owing to the war, it was said, "undertakers' hardware," name plates and coffin handles, has risen in price, from 20 to 30 per cent due to the fact, the supply men claim, that the chemicals used to give the nickel effect are now being imported. It is estimated that even the cheapest coffins cost $5 more than formerly.

Wholesale dealers in burial supplies have notified undertakers throughout the country of a general advance in the trade. To offset the advance the undertakers are considering the advisability of entering upon a campaign in favor of cremation.

BREAD 15 CENTS A LOAF IN HELENA

Helena, Mont., Nov. 2—Bread has advanced to 15 cents a loaf, or two for a quarter, in Helena. The price has been ten cents, three for a quarter.

METHODISTS DISCUSS MANY QUESTIONS IN GREENVILLE MEETING

Greenville, Tex., Nov. 2—The second day's session of the North Texas Methodists' conference was called to order here this morning with invocation by Dr. A. L. Andrews of Wichita Falls. The main question for the morning was propounded by Bishop McCoy, "The Charter Test." Each presiding elder reported his district and his character was then passed upon.

The chief discussion of the morning revolved about what is known as "the Dallas merger." Following the discussion the address of Dr. John Gilbert, president of Paine colored college, created enthusiasm. Wesley College students attended in a body this morning.

Dr. S. A. Barnes preached at 2:30 o'clock this afternoon and the service was followed by an automobile ride over the city, followed by an inspection of the conference school, Wesley College.

Last night was observed as the anniversary service of the Sunday school. Dr. Taylor, missionary to Brazil, was thechief speaker of the evening.

U. S. SHOULD GO OUT OF LIQUOR TRADE

Altoona, Pa., Nov. 2.—Liquidation of the Civil War debt, the only excuse ever given for the federal government issuing liquor licenses long since has been accomplished and now the United States should go out of the drink business, Ira Landrith, the Prohibition vice presidential nominee, told a crowd here today.

"You northerners pased that liquor bil," he said. "You did it in 1862. We southerners weren't in congress then. We prove an alibi. You said you wanted to meet the war debt, and you probably did. President Lincoln agreed to the bill's passage only with the understanding that it would be repealed when the war was over.

"The war now has been over more than 50 years. The debts are paid. We don't need the money any longer. Why, we are so rich that we contribute $50,000,000 annually for just plain pork. Yet you keep a white apron on Uncle Sam and use the American flag to wipe off dirty bars.

"Honestly, now, isn't it about time to quit?"

Heavy Rain on French Front.

London, Nov. 2.—"A heavy rain fell during the night," said today's official report from the French front. "There is nothing special to report."

YOUNG AND PRETTY ENGLISH HEIRESS LOST IN CHICAGO

Chicago, Nov. 2—One social secretary—somewhere in Chicago—is being sought as an heiress to the English peerage. She is—or was before she became self-supporting—Miss Ethel St. John, daughter of the Hon. Vivian St. John of Liverpool, England. A Liverpool barrister, who is attempting to find Miss St. John, hints at a family quarrel and the departure of the spirited girl for America. The Hon. Vivian is dead, according to advices transmitted to the local police, and it is desired that the daughter be found. She is described as 26 years old, tall, blonde with deep, rich blue eyes.

DALLAS LEADS TEXAS CITIES IN POPULATION

Dallas, Nov. 2.—Dallas has the largest population of any city in Texas.

This fact has been received in a letter to J. R. Babcock of the Dallas Chamber of Commerce and Manufacturers' Association from authorities at Washington. In the letter dated Oct. 30, signed by Sam L. Rogers of the census bureau of the department of commerce at Washington, the population of Dallas is given as 124,527; San Antonio 123,831; Houston 112,307; Fort Worth 104,562 and Waco 33,385.

The above figures were taken from the census of July 1, 1916, and was taken over an area of 17.3 square miles in Dallas. Mr. Babcock said that the figures substantiated the estimate of135,278 made by the Chamber of Commerce, because of Highland Park and many communities within five miles of the postoffice which were not included in the government count.

ALFREDO ZAYAS IN LEAD FOR CUBAN PRESIDENT

Havana, Nov. 2.—Returns early this morning from the national election with less than half the vote counted show that Alfredo Zayas is leading in all the provinces except Oriente. It probably will be late in the day before the final result is known.

AIRPLANE CARRIES MAIL; NON-STOP PLAN FAILS

Erie, Pa., Nov. 2.—A great crowd gathered here this afternoon to see Victor Carlstrom, flying from Chicago to New York, make his second start of the day. He landed here at 11:26 this morning and it was 2:30 p. m. when he climbed high into the air and steered a course along the Erie railroad tracks. Before leaving he said he had decided to follow the railroad to Corry, Pa., and from there would steer his way to New York, which he said he expected to reach by 8 o'clock tonight.

Carlstrom said his delay in Erie was partly due to the fact that he had "some telephoning to do."

Passes Jamestown.

Jamestown, N. Y., Nov. 2.—Carlstrom passed four miles north of Jamestown shortly after 3 o'clock this afternoon. He was flying at a height of about 3000 feet and appeared to have favorable wind conditions.

WOULD PLACE HEROES' PICTURE IN COURTHOUSE

Fort Worth, Tex., Nov. 2.—Every county in Texas was urged this morning by Mrs. Harry A. Cline of San Antonio, historian of the Daughters of the American Revolution, now holding their state convention here, to adorn their courthouses with pictures of Texas heroes. This suggestion was warmly applauded by the delegates. Mrs. Cline also recommended in her annual report that all the local chapters offer prizes to the school children for historical essays.

NORWAY LOSES ANOTHER SHIP

Lisbon, Nov. 2, via Paris—The Norwegian steamer Tromp has been sunk.

The Tromp, a vessel of 1,752 tons, was formerly the Dutch steamer Johnson. She was last reported as sailing from the Tyne Sept. 30, for Savona, Italy.

Dodges Allege Mr. Ford Dodges The Dividends

Detroit, Nov. 2.—On petition of Dodge Bros., automobile manufacturers, who hold 10 per cent of the stock of the Ford company, the circuit court this afternoon issued a restraining order limiting the extent of operations of the Ford Motor Co. and preventing the expenditure of large sums for expansion.

Dodge Bros. seek to force the Ford company to declare special dividends which they assert the company is earning.

CIRCUS HORSES ARE HIGH BRED ANIMALS

Lovers of horses and horseflesh, persons who admire exhibitions of intelligence or marks of pedigree in animals, will be interested in the horses which will be seen at the performances of the Barnum and Bailey Greatest Show on Earth, which will give performances in Paris next Thursday.

There are 700 horses of various strains with the "Big Show." There are the blue blooded lords of the sawdust ring, trained and spirited animals. There are the eager-slim bodied racers that take part in the contests of the hippodrome, and not the least in importance, are the heavy and powerful clydesdales and percherons, which haul the enormous amount of paraphernalia from circus train to show ground and back again.

It may be said that the Barnum and Bailey circus, in its acts of thrilling daring, of skill and originality, will be no what inferior this year to the standards it has set in previous seasons. This is also true of the great variety of rare animals in the menagerie.

But it has always been a motto, since the day when Barnum led his little caravan from town to town in wagons, that the "horse is king of the circus," and the truth of this is felt so strongly that the horse has always held the center of interest, even down to the present day. This year more than ever before the horse will be a feature of the circus. There are waltzing horses, horses that tango, bucking bronchos, angel horses, ponies that perform wonderful feats,, high-school horses and beautiful statue horse, in groupings and poses from master sculptors. In the hippodrome races which close the performances are many Arabian and Kentucky thoroughbreds giving a thrilling exhibition of the old Roman style of racing together with an up-to-date reproduction of scenes from the running races of today.

SCHOOL AMENDMENT SHOULD BE ADOPTED

Paris, Texas, Oct. 30, 1916.
Mr. T. G. Henley, President, School Board, City.
And Members of City School Board.

Gentlemen:—Having just returned from Austin I find that there is considerable interest being shown by the different cities of our state regarding an amendment to the State Constitution, namely: Section 3, Article 7.

This is strictly an educational amendment; it imposes no tax on the people but gives districts and counties that need additional school support an opportunity to secure it.

The amendment provides for two things principally. Firstly, for the taxes for all the schools of the county may be voted by a majority vote of the tax paying voters of the county; secondly: which raises the limit for taxation for school purposes in both common and independent school districts from 50c to $1.00.

The fact that there are already 125,000 school districts in Texas which have reached the constitutional limits, many of which need more for their schools now. These districts cannot secure $1.00 additional for support unless this amendment is adopted.

The compulsory school attendance law is bringing one-fourth million children in school this year that have never been in school before. Many districts have reached the constitutional limit. They have no house, desks, nor teachers for the children. The adoption of this amendment is their only salvation and I hope that you gentlemen will put it to our people in a way that will prove to them the actual need.

Paris has always enjoyed the distinction of being one of the most progressive cities in Texas; we have always had one of the best school systems in the state, and we now look forward to bigger and better things all of the time. For instance, many of us know that only a short time since we were for a State Normal and we have never given up the fight. The next Legislature will establish this normal and other East Texas towns are going to make strong fights for this school. I refer to this for the fact that our showing on school propositions ought to be a good one, as it will be of considerable assistance in the many claims that we have put forth for our city.

I would suggest that you secure the assistance of every loyal citizen in our city and country and let us show by a big majority that we are in favor of this educational amendment.

I trust that you will give this prompt and immediate attention for it is certainly of vital importance.

Sincerely yours,
Henry P. Mayer,
Prest. Chamber of Commerce.

The above letter addressed to the School Board is self explanatory and we most heartily endorse the same, and appeal to every voter in Lamar county to vote for this amendment.

Do not get confused and think you are voting a tax on yourself. This is not the case, it merely gives a community or county the privilege to vote on such tax should necessity require.

School Board of Paris,
T. G. Henley, President,
W. F. Dulaney,
W. F. Moore,
H. G. Armstrong,
J. J. Dickerson.

HOBOES' FRIEND, "FLOP HOUSE" HOGAN, DEAD AT CHICAGO

Chicago, Nov. 2.—Ben Hogan, founder of "Hogan's Flop," which for so many years sheltered derelicts, hoboes and castaways at two cents a bed each—if they had it, died at his home here yesterday at the age of 87 years. With the passing of the ex-prize fighter, preacher, sociologist and humanitarian, and mine host to Weary Willie, was recalled the days when thousands of unfortunates were fed and sheltered by the humane mission at 22 Meridian street which friends said he always operated at a financial loss.

"Moody, the noted evangelist, taught me to preach," Hogan once said, "and then I learned that there was more to serving mankind than by giving hungry men words. That is the reason I started the soup mission and the 'flop.'"

In his youth Hogan was said to be reckless, contemptuous of the law and glorying in his strength. He served both the Union and Confederate armies in the Civil war as a blockade runner. Nearly a half century ago he fought Tom Allen for the world's championship and was beaten.

TURKEYS FROM GONZALES FOR BUCKNER ORPHANS HOME

Gonzales, Tex., Nov. 2.—The Baraca class of the First Baptist church of Gonzales has decided to furnish the turkeys for Thanksgiving dinner at Buckner Orphans' Home. It requires about seventy-five turkeys of average size for a single meal.

Turkeys raised in Gonzales county will be used and shipment made to the home by express.

17 COTTON SEED FOR CUP OF COFFEE; TWO CENTS BACK

Cisco, Tex., Nov. 2.—An interesting incident is being related by traveling men of this section, who affirm that it actually occurred at Kenedy Saturday. They say a patron entered a restaurant there, called for a cup of coffee and explained that he had no money but some very good collateral.

The restaurant man asked to see the collateral and the patron counted out 17 cotton seeds and handed them to him.

The restaurant man served the coffee and as the patron started to leave called him back with the remark: "Here, take your change," as he handed the patron a stamped envelope.

HENRY FORD'S SON WEDS RICH GIRL

Detroit, Nov. 2.—Edsel Ford, only son of Henry Ford, Detroit automobile manufacturer, was married here Wednesday night to Miss Eleanore Clay, a niece of the late Joseph L. Hudson, millionaire dry goods merchant. The marriage was attended only by relatives and a few personal friends.

Logan H. Gray, brother of Mrs. J. M. Brown of Paris, died at his home in St. Louis Wednesday night. He was 57 years old and is survived by his wife. Mr. Gray, when a young man, was a resident of Paris several years, and had many friends here who will regret to know of his death.

GOV. FERGUSON PARDONS SON OF POLITICAL ENEMY

Fort Worth, Tex., Nov. 2.—In the most remarkable proclamation issued since his inauguration, Governor James E. Ferguson has issued a pardon to William Lattimore, son of Senator O. S. Lattimore of Fort Worth. Although Governor Ferguson in his proclamation declares he has been the object of bitter attacks by the elder Lattimore he granted clemency to the son on the request of enator Lattimore.

William Lattimore was convicted in county criminal court on Oct. 21 on a charge of theft of automobile parts. He was associated with a number of other youths who were charged with the thefts of parts from various cars. Assistant County Attorney Will Parker has written Governor Ferguson asking that the five youths who were associated with Lattimore be given executive clemency.

"I believe that if one is pardoned all should be," Parker declared Wednesday. "I have written the governor to that effect. I have requested and urged him to pardon all the boys connected with the transaction."

Suggestion to Women

Who Are "Just Ready to Drop."

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired-out next morning as when you went to bed, you need help. You can get it just as Mrs. Maxwell did. She says:—

"I keep house for my little family of three, and became completely run-down. I was weak, nervous and could not sleep; finally I was unable to do my house work. A friend asked me to try Vinol. I did so and improved rapidly. It toned up my system, I regained my strength, am no longer nervous, sleep well, and do all my housework."—Mrs. J. C. Maxwell, Montgomery, Ala.

There is no secret about Vinol. It owes its success to beef and cod liver peptones, iron an d manganese peptonates and glycerophosphates, the oldest and most famous body-building and strength-creating tonics.

So many letters like the above are continually coming to our attention that we freely offer to return the money paid for Vinol in every case where it fails to give satisfaction.

Greiner & Mohr Moved to Plaza

Last night Greiner & Mohr's drug store was moved from its temporary quarters on Grand avenue to the Crook building on west side of the Plaza, and it will be open and ready for business this morning.

This establishment is really a drug store, the attention of its proprietors being confined to the compounding of prescriptions, the sale of drugs and medicines and the kindred lines of perfumery, soaps, and general toilet articles. In its new quarters it is not only conveniently located for the public but is as handsomely furnished as any drug store in the country. Its fixtures were made by specialists who build only for drug stores and provide a place for everything used in a drug store. A prescription taken to Greiner & Mohr is filled exactly as the doctor intends it, and only drugs of first quality are used.

These gentlemen invite you to call and see them in their new home. They will be glad to see you as a visitor and should you wish to buy they will be pleased to serve you with exactly what you want.

CREW UNLOADING VALUABLE CARGO

New London, Conn., Nov. 2.—Activities of a varied nature centered about the German undersea merchantman Deutschland and her captain, Paul Koenig, today. While the crew busied themselves behind the barriers which hide the submarine from public view, preparing to dispose of the 700 tons of valuable cargo which the Deutschland brought from Bremen, customs officers prepared for the inquiry to determine the status of the craft.

The Deutschland has been entered as a comemrcial vessel, but to make certain that every neutrality provision has been observed, an inspection by both naval and customs officials was decided upon at Washington. Commeander Yates Stirling, who is head of the naval station here, arranged to go aboard with his aides in conjunction with James McGovern, collector of customs of this district. The latter had conferred last night with Secretary of the Treasury McAdoo who was at Hartford, regarding the questions involved in the Deutschland's reappearance.

Dinner for Koenig.

New London's citiens made plans for a public welcome to the Deutschland's captain and her crew. President Alton T. Miner of the local Chamber of Commerce, with Mayor J. E. Rogers and a delegation of business men, tendered Captain Koenig an invitation to a dinner at a date to be set by him. It was said that he had accepted, although stating that it was with reluctance.

The announcement of the Deutschland manifest was awaited with some curiosity. Captain Koenig, estimating the cargo at $10,000,000 in value, said it consisted largely of drugs and dyestuffs but said there were possibly securities and jewels among the consignments. As the Deutschland on her trip to Baltimore carried only $1,500,000 worth of freight which bulked as large as her present shipments, it was considered probable that most of the $10,000,000 valuation was represented by securities or stones.

The Deutschland's captain refused a plea that he allow the public to view his craft. None but government or city officials might enter the enclosure, he said, and the restrictions that prevailed at Baltimore were placed in effect again.

GERMAN PAPERS NOT SURE DEUTSCHLAND AT NEW LONDON

Berlin, Nov. 2.—The German Ocean Navigation Company of Bremen has up to now been unable to confirm the news of the arrival of the merchant submarine Deutschland at New London. While the newspapers all display prominently the British news agency messages announcing the arrival, they are inclined to question their authenticity. Their readers are asked to remember the source from which the telegram originates and not to indulge in jubilation until a direct message from Captain Koenig, commander of the undersea trader, relieves them of all doubt.

The skeptical attitude of the press is easily explained when it is recalled that an erroneous story of the arrival of the commercial submarine at an American port sometime ago caused extensive space in the columns of the press to be devoted to a laudatory comment at Bremen in a celebration of the event.

AVIATOR OFF FOR RECORD AIR FLIGHT

Toledo, Ohio, Nov. 2.—Victor Carlstrom, flying from Chicago to New York, passed Maume village, eight miles south of Toedo, at 8:22 a. m.

Chicago, Nov. 2.—Victor Carlstrom, aviator, left Chicago at 6 o'clock this morning on an air journey to New York, announcing his intention to have dinner in that city. The start was made from the flying field of the Aero Club of Illinois and Carlstrom immediately launched on a route due east following the right of way of the Lake Shore & Michigan Southern railroad.

The aviator expects to make the trip without a stop. He is carrying a sack of mail made up of letters from city officials of Chicago to officials at New York. Included are several communications said to be destined for the Deutschland at New London, Conn. Carlstrom has a special appointment as aerial letter carrier. His trip is being made unde the auspices of a New York newspaper.

Carlstrom expected to pass over South Bend, Ind., Cleveland, Ohio, and Port Jervis, N. Y. His machine is a 200-horsepower biplane.

A VETERAN RAILROAD EMPLOYE FOUND DEAD

G. T. Jordan, a Texas & Pacific car inspector, who was the oldest railroad employe in Paris, and who had been at work in the yards here as an inspector and a repairer for the past thirty years, was found dead at 11:35 o'clock yesterday morning on the Texas & Pacific transfer between Seventeenth and Eighteenth streets about two car lengths from the latter street. The body was discovered by A. R. Foreman, Tom Shea and John Love, switchmen in the Frisco-Santa Fe yards, who had been doing some work on the transfer.

When the body was discovered it was rolled up with the legs drawn in a sleeping posture. One of the feet was cut off about the top of the shoe and his neck was broken. The skin was broken across the forehead in several places, but the cuts were not large. There were some fragments of clothing and flesh adhering to the rails along which they were scattered. The body was lying on the side, and it is said to have had the appearance of having been dead for an hour or two. Nobody witnessed the accident and it is not known for certain how it occurred, but it is thought that while he was at work under a string of cars an engine must have bumped them and shoved them on him.

The switchmen who discovered the body notified the Texas & Pacific agent and arrangements were made to have it taken to the Rodgers-Wade undertaking shop, where it was prepared for burial and was then taken to his late home on South Twentieth street.

Before the body was removed Justice of the Peace Mike Brady was notified and proceeded to hold an inquest, but has not yet returned his verdict.

The deceased was one of the most faithful and reliable employes that any railroad company ever had and he commanded the respect and esteem of everybody. He was born in Missouri and was seventy years old. He came here as car inspector thirty years ago from Texarkana. He leaves a wife and five daughters and two sons, all of whom live in Paris except one of the daughters, Mrs. O. P. Murphy of Dallas. Besides his family he leaves eight brothers, three of whom live in Texas and the others in Missouri.

The funeral service will be held at 3 o'clock this afternoon at his late residence on South Twentieth street and will be conducted by Rev. T. L. Garrison of the Methodist Protestant church. Interment will be at Evergreen cemetery.

YOUNG NEGRO WOMEN ARRESTED FOR BURGLARY

Deputy Sheriffs Ed Bell and Eb Clarkson went to the country southwest of town near Ambia yesterday afternoon and arrested three young negro women on the charge of burglary. The prisoners, who are about grown and are all three sisters, were Lizzie, Nellie and Jessie Nugent. They are accused of buglarizing the residence of Ferd Freeman, a white farmer, who lives just across the road from them. The burglars secured a lot of handsomely embroidered pillow cases and other costly embroidered articles and wearing apparel.

The burglary was committed about four weeks ago, entrance being gained through a window while the family was away. When the family returned and found that the house had been entered they did not report it to the officers, thinking that by keeping quiet and doing a little detective work on their own hook they would be able to find out who committed the burglary and recover the stolen goods.

On yesterday information was received in some way that the three negro girls living across the road were the persons who had entered the house, and the burglary was reported to the sheriff's office for the first time. When Deputies Clarkson and Bell went to the house they searched it and recovered most of the stolen goods. Two of the negro girls were locked up and Lizzie Nugent was released.

WEBB MURDER CASE CONTINUED BY DEFENSE

The murder case of Sidney Webb, who is charged with killing Otto Herold, a well-known barber at the Union station about a year ago, was set for trial in the district court yesterday and a special venire had been ordered, but when the case was called the defendant through his attorneys filed application for continuance on the ground that some witnesses, whose testimony was important, were absent. The witnesses named in the application on account of whose absence a continuance was asked were Walter Worsham, Bill Weikel, Charley Fox, Clyde Hulen and Trav Hearn. The application alleges that two of the absent witnesses are in Tulsa, Ok., and that the residence of one is unknown. The aplication for continuance was granted and the case was put off for the term.

A HALLOWE'EN PRANK MAY RESULT FATALLY

Visitors from Clarksville yesterday reported a deplorable accident which occurred in the country near there last Tuesday night as the result of a hallowe'en prank. A lot of boys while out celebrating the event in a boisterous way went to the home of Charles Griffin, a farmer five miles southeast of Clarksville, and took his surrey from the shed and started to roll it off down the road. Mr. Griffin, being under the impression that they were burglars, fired at them with a rifle and shot one young man named Nickerson with a rifle. The bullet took effect in the back and came out in the abdomen. At last account the young man was in a very serious condition and it was thought the wound would prove fatal. Sheriff Jack Martin investigated the shooting, but no arrest was made.

HARDWARE COMPANY

A HOUSE BURNED ON NORTH WEST STREET

A five-room house on North West street, in West Paris, which was owned by B. A. Walker and was occupied by W. M. Newman and family, was destroyed by fire at 5 o'clock yesterday morning. According to his custom Mr. Newman got up a little before 5 o'clock and made a fire in the cookstove after which he went to market. His wife arose shortly after the fire was made and went in the kitchen to cook breakfast. The fire was not discovered until it had gained considerable headway. It is supposed to have caught in the ceiling from the kitchen flue. Mr. Newman discovered the blaze just before reaching home from the market and his wife discovered it about the same time.

The other members of the family were aroused and went to work trying to save the furniture, but the only effects that were rescued were a feather bed, a few quilts, a trunk and a suitcase. In the excitement of trying to save the furniture the three-year-old son of Mr. Newman, who was sound asleep, was overlooked and came near being burned to death. The father ran in the house and rescued him. The loss on the house, which was practically consumed, and on the furniture was about $1,000. It was partly covered by insurance.

DOCTOR N. L. BURGESS DIES OF PARALYSIS

Dr. N. L. Burgess, a prominent physician at Sumner, died suddenly at his home Wednesday night of paralysis. Last spring he had a slight stroke of facial paralysis, from the effects of which he had never entirely recovered, and on Wednesday night early he had an attack of cerebrial hemorrhage. Drs. J. E. Fuller and L. P. McCuistion were summoned to his bedside and reached Sumner about midnight. They were unable to do anything for him. Death ensued at 1 o'clock yesterday morning, an hour after their arrival.

Dr. Burgess was about thirty-eight years old and had lived there about two years, he having bought Dr. J. E. Fuller's home when the latter moved to Paris and succeeded to his practice. He went there from Enloe, where he was engaged in practicing medicine and in conducting a drug store. He made friends from the first day he located at Sumner and was highly regarded by the people of the community as a good doctor and a good citizen. He also stood high in his profession among the other doctors with whom he came in contact. He was a member of the Masonic order and of the Woodmen and Praetorians.

The deceased was born in Tennessee and besides his wife and two little daughters, one ten and the other six years old, he is survived by his mother and four brothers and five sisters, all of whom still live in Tennessee except one brother, K. B. Burgess, who is engaged in the drug business at Howland. He was a member of the Christian church. The body will be taken to Cooper this afternoon on the Midland train and the funeral will be held there tomorrow. The Cooper Masonic lodge will officiate.

STRUCK BY AN AUTO AT RAILROAD CROSSING

Mrs. H. R. Cooper, about sixty years old, who lives in West Paris, and whose husband has been employed in the Frisco-Santa Fe yards unloading cars, was struck by an automobile a little before 9 o'clock yesterday morning at the Bonham street crossing while she was going across the track diagonally. J. R. Parker, who lives out near the city lake, was on the way to town to attend the district court, and just as he came along in his automobile another auto approached headed west.

Mrs. Cooper stopped before reaching the sidewalk and stood still and watched the westbound auto, leaving a space of eight or ten feet between herself and a boxcar. Mr. Parker cautiously proceeded to pass through the space and just as he got nearly even with her she made two or three steps. Mr. Parker cut off his gasoline and applied the emergency brake, but before it stopped still the machine rolled up to her and the fender struck her and knocked her down. She suffered considerably from excitement and nervous shock, but no bones were broken and she was not seriously hurt.

Mr. Parker and a railroad man picked her up and put her in his car and after summoning her husband, who was unloading an apple car not a great distance away, they carried her home. When they reached the house she was able to get out of the automobile and walk inside. It is understood that two or three persons, including a railroad man, witnessed the accident and that they all exonerated Mr. Parker from any blame for the accident.

DECLINED THE CASH AND SOLD ON CREDIT

As an evidence of the flush times a Pecan Gap man who has had a place on the market and had named the price was approached by a man who told him he wanted to buy it at the figure named. The owner of the land asked him what terms he wanted to buy it on and the man said he proposed to pay cash. The land owner stood him off and told him he would see about it and let him know in a day or two. Shortly afterward another man called on him to see about buying the place and the owner asked him what terms he wanted. The man thought for a minute and said he guessed he could pay as much as a third in cash and give two notes for the balance payable in one and two years. The owner closed a trade with him, letting him have it on a credit rather than sell to the man who had the cash to pay. He wasn't needing any money and preferred to have notes drawing interest.

WORLD'S CHAMP BASEBALL TEAM SOLD BY LANNIN

Boston, Mas., Nov. 2.—The world champion Boston baseball team was sold Wednesday to Harry Frazee of New York and Hugh Ward of Philadelphia. Joseph J. Lannin of this city, former owner of the club, who announced the sale at a dinner given to the new owners and newspaper men, said the papers had been signed less than half an hour before. The price was not stated, both parties having agreed to keep silent on that point.

Mr. Frazee and Mr. Ward are both identified with theatrical interests, the former being principal owner of the Cort Theatre of Chicago and the Longacre Theatre of New York. The new owners gave few details as to the definite plans of the club, but said:

"When we went into the thing we did not buy a cheam team. We bought champions. We are interested in the club only because they are champions and would not have consideed them otherwise.."

Mr. Frazee will take dierct charge of the team's affairs, it was said. The Red Sox are at present without a manager, William Carrigan, who has guided the team for the last three years, having announced his retirement at the conclusion of the world's series last month. Mr. Frazee said he would hold the position of manager open for Carrigan and hoped he would consent to lead the team another year. The executive staff of the club will be retained intact.

The sale includes the franchise players' contracts and the real estate at Fenway Park.

Mr. Lannin had owned the team three years and durng that time the Red Sox have won two world's series. Lannin said he intended to enter the hotel business in this city where he already has large real estate holdings. He also has a controlling interest in the Buffalo team of the International League.

Mr. Frazee's acquisition of a part of the ownership in the Red Sox club probaby makes him the youngest baseball magnate in the country. He was born n Peoria, Ill., June 29 1880. He managed a baseball team in that city when he was 21 years of age, but neither he nor Mr. Ward has been connected with major league baseball before.

It was said that Joseph J. Lannin, the retiring owner, had received $675,000 for his holdings in the club.

SIX AMERICANS LOST OF 52 ON STEAMER MARINA

London, Nov. 2.—A telegram to the American embassy today from Wesley Frost, American consul at Queenstown, states that the discrepancies in former reports regarding the number of Americans on board the British steamer Marina and the names of those lost have now been cleared up. To the list of five Americans reported yesterday as lost the name of Buie, given in earlier advices as Blue, is added. The name of Middleton first reported lost, is now in the list of American survivors. These changes make the total number of Americans on board fifty-two, of whom six were lost.

Paris people are invited to call at F. J. Kuykendall's new market, 30 Clarksville street, and see the market of which Paris should be proud—absolutely sanitary and fitted with the most modern appliances for serving the public.

Max Bischoff, an expert sausage maker, late of Dallas, has been employed and can be seen at work making sausages, loafs, weinerwurst, etc. This branch of the business, in the hands of this German workman who learned his trade the right way, will be a revelation and a pleasure, for people can now depend upon getting the very best of good things to eat.

This market has a refrigerating system second to none, double telephone service, quick auto delivery, and is always ready to serve you. Telephone Kuykendall's when you want any thing good to eat.

"VOTE FOR HUGHES" HIS LAST REQUEST

Chicago, Nov. 2.—Simon Brunhild of this city, realizing that he was about to die yesterday after an illness of several months, called his family, consisting of his wife, three sons and a daughter, all voters, to his bedside.

"I want you all to vote for Hughes," he said. "Hughes" must win."

These were his last words. Two hours later he died.

T. J. Jefries at IXL Wagon Yard

Travelers coming to Paris are invited to stop at the I X L wagon yard on North Main street, in the block north of the court house. T. J. Jeffries has again taken personal charge of this yard and will be glad to see you and provide for your comfort. The I X L is a large yard, well shedded, most conveniently located, opening on two good streets, plenty of water and every convenience. Mr. Jeffries has good men employed to help him look after the work of his yard and you and your stock will be well treated when you stop with him.

TEXAS MUST RAISE MORE FEEDSTUFFS

Dallas, Nov. 2.—Feed and food is to be the campaign cry of the agricultural committee of the Texas Bankers' Association, which is being planned to offset the abnormal high price of foodstuffs. Farmers will be urged to plant feed and food crops against the high cotton acreage, which the high price of the staple is sure to produce.

W. G. Breg is chairman of the Dallas committee. Commercial clubs over the state are coming to the aid of the committees. President Louis Lipsitz, of the Dallas Chamber of Commerce and Manufacturers' Association, has appointed a committee of six to co-operate in the work. Alex Sanger, J. C. Duke, Geo. A. Trumbull E. O. Tenison, C. H. Platter and Sam P. Cochran were named by Mr. Lipsitz.

The campaign is to be conducted for the sole purpose of emphasizing the necessity of producing feed stuffs.

There will be a basket supper at Gloria next Friday night for the benefit of the Glory school.

A Sanitary store is its own best advertisement. The public may seem not to care, but it drifts towards bright windows, white floors, dustless shelves and covered foodstuffs.

For Sale—Registered Jersey cow, 4 years old, with heifer calf. One very fine Jersey cow, 4 years old with heifer calf. One young horse, 6 years old, 16 hands high. Will sell for cash or time, any or all this stock. C. F. House, trustee. Telephone 385.

There will be a box supper at the Mays Prairie school house Friday night, Nov. 3. Everybody is invited to come and bring full boxes.

Paris lodge No. 27, A. F. & A. M. will meet at 7:30 tonight for work in the Master's degree. Members requested to attend.

INSANITY EXPERT IS NOW A PATIENT IN HOSPITAL HE ONCE SUPERINTENDED

Chicago, Nov. 2.—Dr. Emil Bunta, once a noted athlete at the University of Wisconsin, former head of the insanity division of the Cook county hospital and recent resident alienist of the psycopathic hospital here, was being held for observation today at the suggestion of a group of fellow physicians who praised his brilliant progress in the study of insanity. He is in a ward of the hospital over which he formerly had charge.

It is believed that overwork and constant contact with pitiful cases of those to whom he had ministered have led to the breakdown. Dr. Bunta was married last Saturday to Miss Emily Howard, head nurse at the Bridewell hospital.

HORSE SALE

Railroad Wreck Sale of Horses

At Paris, Texas

Saturday, Nov. 4th

25 Head to be Sold one at a time, at Auction. Sale will commence at 1 p. m., at Texas Wagon Yard, on Bonham Street

This stock is unbroken; they were in fine condition when loaded in the car. They were in a wreck—some bruised and starved. They were all raised on one stock farm—all one family of horses, and were sired by Kentucky saddle and driving stallions. You stand just as good a chance to get a valuable animal in this sale as you would on any stock farm in the country; being in wreck does not hurt their breeding.

We have some well matched teams and some that will make fine saddlers and single drivers. If you want a well bred mare or fillie, don't miss this sale. Tell your neighbor about it.

Remember the Date, Saturday, Nov. 4, At 1 p. m. Terms Cash

This Stock is now at the Texas Wagon Yard. Call and see them.

Which costs most—painting or waiting?

After your house needs painting, every year you wait it will require more paint and more labor to put it in good condition. And every year you wait, your house is worth less. A little paint-money is good paint-insurance.

DENTON NOW HAS A GREAT WHITE WAY

Denton, Tex., Nov. 2.—The extension of the white way lighting system has been completed on West Oak street and the lights were turned on Wednesday night.

The ornamental lighting system now extends from the union depot to the business section, around the court house square and nearly one mile out West Oak street in the residence section. Each pole contains five lage globes, and the system is believed to be one of the most beautiful and expensive in a small town in Texas.

Local News Notes

Dr. W. J. Patton of Blossom received a carload of mules at Paris yesterday from Missouri.

E. H. R. Green, who claims Texas as his home, is expected to arrive from New York in time to vote next Tuesday, and if he comes he will doubtless visit Paris on an inspection trip.

Mack Smiley of Brookston received a shipment of fine pedigreed cattle from Kansas City yesterday.

Newt Yates and wife, who left Wednesday evening by wagon for the southwest gulf coast, sent word to The News yesterday that the first stop he made was three miles from town, and that the first night in camp they had to beg a bucket of water.

Mrs. R. O. Nobles of Deport had a severe attack of heart trouble Wednesday night and came near dying, but her condition was improved yesterday.

On Hallowe'en night in Clarksville a young man was shot in the abdomen and it is thought that he will die. The bullet is thought to have been fired from a rifle. While it was the result of carelessness and an accident in playing Hallowe'en pranks, it is understood that the officers have been making an investigation.

A party who came in yesterday from a trip through Missouri, Kansas and other western states, said that all along the railroads there was written in chalk on the sides of boxcars: "Eight hours for the railroad man and eight years for Woodrow Wilson."

J. A. McEwin of Caviness sold a handsome Maxwell automobile to G. W. Campbell of Chicota yesterday.

While the five-year-old daughter of Dr. G. W. Payne of Glory was running and playing with a dog at home Wednesday evening she fell and broke her left arm near the wrist.

Claud Albright, living near Glory, who has been ill with typhoid fever the past six weeks, is now convalescing and is able to get about the house.

The assignment of the docket in the district court has been disposed of for the week.

The gins in the country are now idle the greater part of the time, most of the crop having been gathered and marketed.

C. H. Stuart, an industrious farmer from Woodland, marketed a wagonload of sweet potatoes in Paris yesterday.

Work is expected to begin next week on the Central Presbyterian church building.

The Lamar State Bank and Trust Company will be ready for business in its handsome new quarters tomorrow morning.

The arch at the southeast corner was all that remained of the first-story wall of the courthouse last night.

Yesterday was Justice of the Peace Mike Brady's regular court day for misdemeanor cases. One defendant who was arraigned on the charge of being drunk and was fined had just been fined on a similar charge two or three days before and had not finished liquidating it.

Marriage licenses have been issued to D. C. Stewart and Miss Lula Maynard, Lee Anderson and Miss Lovedy Heflin.

It was reported yesterday that an employe of the handle factory had fallen in a vat of scalding water and had received fatal burns. It proved, however, to be a false report.

The five-year-old daughter of Dr. H. W. Briney of Noble was reported very ill yesterday and the child's grandmother, Mrs. R. W. Proctor, was summoned to her bedside. The little one and her mother had just returned from a visit to Paris the first of the week and she was taken sick as soon as she got back.

FATHER OF PARIS LADY DIES IN M'KINNEY

A telegram received by friends of the family in Paris last night conveyed information of the death of Judge T. C. Goodner at his home in McKinney, which occurred at 3 o'clock in the afternoon. He is survived by his wife and two sons and a daughter, the latter being the wife of Hon. W. F. Moore of Paris. She had been at his bedside several days and her husband and the children left on the 3 o'clock Frisco train for McKinney yesterday in response to a message that he was dying. The funeral will be held at McKinney tomorrow. He was an old resident of Collin county, had been county judge several years ago and was a prominent citizen of McKinney and a bank director. He made several visits to his daughter in Paris and met a number of the old citizens while here by whom he was held in high esteem.

CARLSTROM RESUMES CHICAGO-N. Y. FLIGHT

Erie, Pa., Nov. 2.—Victor Caristrom, flying from Chicago to New York, was forced to land here at 11:26 a. m., today but not until he had established a new American nonstop flight record. Erie is just half the distance Carlstrom set out to cover.

The aviator was flying about seven miles south of Erie when a pipe became loose on his engine and he made for this city to obtain mechanical assistance.

He landed easily in an open field. He was delighted with the flight as far as he had gone and although disappointed because of the slight engine trouble, he deemed it advisable to take no unnecessady chances, as he was very anxious to get to New York by 6 o'clock this evening.

The engine was doing all he had expected of it in the way of speed, the distance between Cleveland and Erie having been covered in thirty minutes.

Having completed repairs to the engine, Calrstrom decided to replenish his supply of gasoline and came down into the city for that purpose. He said that he expected to leave Erie before 1:30 p. m. and that he would follow the lake to Buffalo. From there, he said, he would probably follow the tracks of the New York Central railroad into New York.

New Record Already Made.

New York, Nov. 2.—The New York Times, under whose auspices Vicor Carlsctrom is making his aeroplane flight today from Chicago to New York, announced here that Carlstrom established a new American non-stop flight record when he landed at Erie, Pa. This is half the distance between the two cities.

Loses Course in Indiana.

South Bend, Ind., Nov. 2.—Victor Carlstrom in his biplane passed south of Mishawaka at 7:02 this morning flying at a speed of from eighty to ninety miles an hour. He lost his course between La Port and South Bend and when he passed this vicinity he was six miles south of the New York Central tracks, which he intended to follow.

CLARKSVILLE-PARIS GAME CALLED OFF

For some reason not given Clarksville called off the football game that was matched for Saturday, Nov. 4. Clarksville, at the last minute, informed Captain Fox that unless Paris could come down Friday to consider the game off. The Paris bunch is eager to play the Clarksville team on account of the defeat here two weeks ago which was due mostly to luck. The line-up of the home team has been completely changed in order to strengthen several weak spots that developed in past games.

It was reported to the press committee that a squad of High school boys tried out for the track team Tuesday night under the direction of Officer Whitten. Some remarkable material developed in the 100 and 220 yard dashes but all showed up well in the half mile except one who could not make the hurdles and was dropped from the squad.

COAL PRICES GOING HIGHER IN CHICAGO

Chicago, Nov. 2.—Further increases in retail coal prices were predicted for Chicago today, following a general rise of 25 to 50 cents a ton in principal Eastern cities. Large companies here yesterday quoted small egg coal at $8, range at $9, chestnut at $9.50. Illinois mine run sold at $4 in loads of three tons or more, or $4.50 a single ton, while Hocking Valley brought $7. Coke was held at $7.50 a ton.

Frantic Efforts to Get Coal.

Pittsburg, Pa., Nov. 2.—Frantic efforts are being made by a number of important manufacturing interests in the district to secure emergency coal supplies before navigation closes on the Monongahela river by buying the production of independent mines that are connected with their plants by water transportation. With the car shortage growing more serious, the companies are piling up all the coal they can secure.
